BY FOREIGNERS

LENDS STRENGTH TO AN OTHER-WISE DULL STOCK MARKET.

Weekly Bank Statement Shows Inerease in Deposits-Local Markets Low on Heavy Receipts.

At New York, yesterday, money on call per cent.; closed, 11/2@2 per cent.

Prime mercantile paper, 4@51/2 per cent. Sterling exchange was steady, with actual business in bankers' bills at \$4.88@ 4.85% for demand and \$4.87@4.87% for sixty days; posted rates, \$4.88@4.89; commercial bills, \$4.86% @4.86%.

Bar silver, 621/2c. Silver certificates, 68%@ 60c. At London bar silver closed at 31%d per tations. Receipts of eggs are not as large, and The exports of specie from the port of

New York for the week amountto \$1,262,625 in gold, \$366,500 in silver. The imports were: Gold, \$89,234; silver, \$57,499; dry goods, \$1,-683,322; general merchandise, \$6,502,868. The New York weekly bank statement

shows the following changes: Reserve, decrease \$1,589,050 Loans, increase 1,200,000 Specie, decrease 149,000 Legal tenders, decrease 922,000 Deposits, increase 2,072,200

Circulation, decrease 28,000 The banks now hold \$20,328,275 in excess of the requirements of the 25 per cent, rule. "Owing to the fact that Saturday is holiday, the statement of the New York banks was made at noon Friday, July 3. The principal items in the statement were the increase of \$1,071,000 in cash, and the expansion of \$1,200,000 in loans. The July settlements have influenced the totals to greater or less extent and the increase of 2,072,200 in deposits probably resulted from the shifting of funds incident to this period. The increase in loans was a favorable feature, but it reflected Stock Exchange transactions as much as anything else, and the statement, as a whole, must be interpreted as the result of averages made

of the banks' real condition on the day the statement was made public. "It is noteworthy of remark that the banks suffered a decided loss in cash, as compared with a gain of over \$2,000,000 during the previous week, and since the price of domestic exchange at interior points has shown a decided falling off, the latter factor is to be taken as indicating a partial cessation of the movement which has been going on since early this season, and which has added so largely to the amount

earlier in the week and not as an exhibit

of idle cash in banks. "Despite the fact that the NewYork banks are not leading so much money as at this time last year, they are getting better rates for it, and they are not paying interest on so much idle cash lying in vaults as was the case twelve months ago. The rate of funds appears to be well sustained, and nothing indicates a change to a less firm basis. The falling off in gold exports appears to be the result of legitimate conditions. Europe bought more American se-

Total sales of stocks were 122,783 shares, including: American Tobacco, 5,500; American Sugar, 33,700; Burlington & Quincy, 8,-Distillers, 5.400; Chicago Gas, Louisville & Nashville, 7.500;

Rock Island, 3,600; St. Paul, 20,800; Western Union, 3,800. Silver certificates, The New York stock market Friday displayed considerable shrinkage in volume of business due to the early absence of genuine, 30640c; magnesia, carb., 2-oz, 25693c; many operators taking advantage of the holidays. The movement of prices was irwas shaped to an extent by covering purchases and buying for long account under the favorable condition of the nonengagement of gold and the extensive shipments of American securities to be made to London to-morrow. International banking 12215c; carbolic acid. 26027c. houses say that the full extent of the foreign buying within the past few days cannot be measured by the amount forwarded to-day, as in some instances the stocks will remain here. The shipments are conservatively estimated at 35,000 shares, and include chiefly St. Paul. Louisville & Nashville and Atchison. The purchases were almost wholly of stocks, aside from a few Atchison bonds, and are, as noted in these dispatches, for the account of a London poel. It has been contended that the buying has not been reflected to any noteworthy extent in the exchange market, but on the other hand, the point is made that but for the pool operations exchange might have risen sharply, as London had previously been a heavy seller of our stocks nd bonds. The initial prices were mainly fraction below the closing figures of hursday, and in the first fifteen minutes droscoggin 9-4, 15c; Androscoggin, 10-4, 17c. and bonds. The initial prices were mainly firmer tone became prevalent, substantial after an early decline of 11/2 per cent. and Sugar made an equal recovery. The de-

to realizations. The offerings were well ing out of short contracts. The announcement by the principal gold exporting houses cases prices advanced substantially above however, realizing sales caused a reactionary movement. Sugar lost a point and the grangers, Louisville & Nashville and some of the industrial properties dropped sharp fractions. The closing was heavy in tone at general fractional losses.

Bonds were firm, but higher on a light volume of business. The improvements were mainly confined to the speculative issues. The sales were \$354,500.

Ic; plow slabs, 21/2c; American cast or else purely speculative on the day-by-steel, 20/21c; tire steel, 21/26/3c; spring steel, day plan that they are not highly instructive. Thus an extensive shut-down of cotton mills is solely in the hope that half production in July and August may clear a two sharp declines and partial rallies with- ports, 30,000 bu. Rye easier; No. 2, year's operations in leading branches of manufacture go far to explain numerous stoppages. In woolens they are without concert, mills waiting for orders, the sales of wool having been not a third of last year's for the same week. Prices are depressed, but still depend upon foreign possibilities. In cotton goods the closing of 7120812 cents, could be expected to show 500 bu; oats, 2,400 bu. profits if the mills go on manufacturing until a new and probably heavy crop of cotton is ready. The reduction of prices has brought out a large demand in many cases, but not enough to meet the output of the mills. A further decline in print cloths to 21/2 cents is significant, when such a decrease in production is assured.

The output of iron has largely decreased and there is quite a general stoppage of works for repairs, but the annual controversies about wages have in most cases been settled, and it is believed will be settled in all without strikes. The problem whether prices for coke, ore and billets established -Franklin Ex. C. 4.30c; 11 yellow-Keystone Ex. by the combinations for this year can be maintained against decreasing demand for inished products, would be simplified if there were no combinations in nails and ratis and some other flaund products. Wheat declined 11/2 cents and recovered 11/4 cents, but Western receipts continue remarkably large, 2,441,719 bushels, against 841,840 last year for the same week. Atlantic exports show a similar increase, and for five weeks, flour included, have been 9,847,- 111,209 brls. 678 bushels, against 5,855,427 last year. The stocks in sight are better than a year ago. and though winter wheat yields less, spring wheat seems only with fair weather to yield more than last year. Corn promises re-markably well, and also oats. Cotton generally needs rain in parts of Texas, but the best of reports come from most of other sections and a large increase in acreage is

HOLDERS OF PROVISIONS FOUGHT TO UNLOAD ON THE MARKET.

Wheat Was Weak and Closed at a 5-Se Decline, While Corn and Oats Also Dropped.

CHICAGO, July 3.-The feature of today's market was the semi-panic in provisions and the resultant decline of 271/2c in pork and .10c in lard and ribs. Wheat was affected by arrivals of new wheat and a general disposition to close out lines in view of the holidays, and declined %c. Corn and oats ruled weak also, declining 1/2c and 1/c each.

It was a dull day in the wheat pit, and while the early transactions were at some 15 lbs average, 10%c; 12½ lbs average, 11½c; 10 advance, the market soon turned weak. lbs average, 11½c; block hams, 11½c; all first brands; seconds, ½c less. California hams, sugar-cured, 10 to 12 lbs average, 6½c; boneless ket, and the business was largely in the way of evening up, as neither longs nor shorts were willing to stand on open trades until Monday. The early strength was due to the better Liverpool cables, the bulletin of the Missouri crop report, which came just at the close yesterday, and did not become generally known until the board had closed, and a fresh installment of crop damage reports from the Northwest. Under these influences there was a momentary buying spurt, which sent the price up some at the start. But there was plenty for sale at the advance, and as some doubt began to be felt as to the reliability of the damage reports prices began to weaken. Trade was not active enough to get up much interest or call out much support, and as longs were disposed to close out, in view of the two days' holiday, the mar-ket got weak and sold off ic from the high mark. The liberal receipts at St. Louis-84,000 bu-and freer movement at this point, especially of new wheat, were factors which had a tendency to cause the setback to prices. The weakness of coarse grains and provisions, together with the estimate of 130 cars of wheat for to-morrow, caused a further decline, and the market closed around the bottom. September opened AA, about 1/2c higher, at 56% 45/c, turned weak

Continued excellent corn-growing weather and weakness in wheat and provisions was too much for dealers, the weakness being aggravated by the heavy local receipts today and large estimates for Menday. Trad-30x60 to 40x60—Single: AA. \$19: A. \$16.75; B, ing was only moderately active and mostly \$15.75. Double: AA. \$25,50; A. \$23; B. \$22. on local account. September opened unchanged at 27%c and steadily declined to Common to medium lambs 2.50@3.50 27%c, closing weak at that figure. There was but little doing in cats. The feeling was easy and prices in sympathy

with wheat and corn. July opened a shade higher, at 15%c, declined to and closed easy at 15%c. Provisions opened quiet, but firm, the steady hog market having a favorable influence. But after the heavy estimates of corn for Monday had weakened that market sellers of provisions became quite numerous. It did not take much decline to start stop-loss orders, and a considerable further breakdown was the result of the scramble to cover. September pork closed 2712c lower, at \$6.8216; September lard .10c lower, at 3.90c, and September ribs .10c lower, at 3.70c.

Estimated receipts for Monday-Wheat, 130 cars; corn, 740 cars; oats, 350 cars; hogs,

OLD BOARD'S LAST MEETING. The School Commissioners Order Two

Driven Wells.

The last regular meeting of the old school board for the transaction of business was held last night and was very brief. There were a few routine matters to be closed up, but nothing of any special importance or interest, with the exception of the appointment of two teachers for the Manual Training School. One apopintment was that of S. L. Newson at a salary of \$1,000 per annum. Miss Martha J. Doan was appointed teacher of chemistry at a salary of \$800. The board approved the recommendations of the committee on buildings and grounds providing for driven wells at the Library building and the Manual Training School building. These wells are to replace the city water which has been used in these buildings largely in the The meeting for the organization of the

new board will be held Monday night. It will be called to order by the old president and the old members whose terms expire will be entitled to seats until the reorganization is effected.

FOUGHT HIS RESCUERS.

Alonzo Grayson, a Painter, Tried to Hang Himself.

Alonzo Grayson, a carriage painter, at tempted suicide last night but was not successful. Grayson was discharged yesterday from the place where he has been working and tried to end his troubles by death. He went to his home last night about 9 o'clock and was in a very wild state of mind. In this condition he procured a rope and attempted to hang himself, but the rope was a trifle too long and his feet touched the

He was cut down in a very ugly frame of sight. It took several men to hold nim un-til the patrol arrived. He was determined Union Station. not to enter the wagon and it took rather forceful persuasion from the patrolmen to get him into it. This is not the first attack of insanity Grayson has had, he being confined in the insane asylum about two

SUBURBAN AFFAIRS.

Chief Massing, together with patrolmen Stoddard and Buchanan, of the West In-Hogs-Receipts light. Choice packing and dianapolis police force, raided a gambling place located at No. 127 Hadley avenue, Thursday night about 12:30 o'clock. John Wand, the bartender in the saloon and manager of the game, and Thomas Farrel and John Weaver, visitors, were arrested. A warrant has been sworn out for Daniel Olehan, a visitor who escaped. A poker table, several packs of cards and about 120 poker chips were confiscated by the officers. The offenders were tried in Justice of the Peace Herig's court yesterday morning, and Weaver and Ward were each fined \$5 and costs, \$18 in all for each one; and Farrel was fined \$5 and costs, \$15 in all in his case. The saloon license is issued in the name of John Reider and it has not yet been decided what will be done with him for permitting a game on his premises.

> The members of the Brightwood volunteer fire companies will celebrate to-day by picnicking in the grove west of Stewart street and north of Glen drive. Ice cream and other refreshments will be served on the grounds and an old-fashioned game of baseball between Hose Company No. 1 and No. 2 will be one of the special features. There will also be bicycle races, a sack race, a fat man's race, a wheelbarrow race, a greased pole to climb, and a greased pig to catch. Prizes for the different events have been donated by merchants in this city and in the suburb. A dancing platform has been erected for those who wish to dance, which will be open from 2 o'clock in the afternoon until 11 o'clock at night. The proceeds realized by the firemen on this picnic will be placed with the sum already in hand to purchase the oli-coats and heimets they so greatly need, and for which they have unsuccessfully petitioned the Town Board of Trustees.
